*voor papa en mama*

*The second non-absolute number is the given time of arrival, which is now known to be one of those most bizarre of concepts, a reciprivertexcluson, a number whose existence can only be defined as being anything other than itself.*

*In other words, the given time of arrival is the one moment of time at which it is impossible that any member of the party will arrive.*

*Bistromathics – Life, the universe and everything, D. Adams*
