Correction to: *Nature Reviews Methods Primers* (2021) <https://doi.org/10.1038/s43586-021-00055-w>, published online 19 August 2021.

In the original version of the article, the node labels in Figure 4 were incorrectly represented, and Figure 8 was inaccurate due to a coding error. In the legend of Figure 7b, the grey squares and dark squares refer to the value zero and not, respectively. These errors have been corrected in the HTML and PDF versions of the article and the original versions of Figures 4 and 8 are shown below.
