Jeroen Johannes van der Ham
geboren te Breda.
This work was carried out in the ASCI graduate school. ASCI dissertation series number 194.

This research was supported by TNO, the Interactive Collaborative Information Systems (ICIS) project, and the GigaPort project led by SURFnet.

The ICIS and GigaPort projects are funded by the Dutch Ministry of Economic Affairs under grant numbers BSIK03024 and BSIK03020 respectively.
‘Come, we shall have some fun now!’ thought Alice. ‘I’m glad they’ve begun asking riddles. – I believe I can guess that,’ she added aloud.

‘Do you mean that you think you can find out the answer to it?’ said the March Hare.

‘Exactly so,’ said Alice.

‘Then you should say what you mean,’ the March Hare went on.

‘I do’ Alice hastily replied; ‘at least – at least I mean what I say – that’s the same thing you know.’

‘Not the same thing a bit!’ said the Hatter. ‘You might just as well say that “I see what I eat” is the same thing as “I eat what I see”!’

‘You might just as well say,’ added the March Hare, ‘that “I like what I get” is the same thing as “I get what I like”!’

‘You might just as well say,’ added the Dormouse, who seemed to be talking in his sleep, “that “I breathe when I sleep” is the same thing as “I sleep when I breathe”!’

‘It is the same thing with you,’ said the Hatter, and here the conversation dropped, and the party sat silent for a minute [. . .].

From Alice’s adventures in Wonderland by Lewis Carroll.
