PUBLICATIONS

Chapters in this thesis:

**XAVIER JR, VAN SOEST RWM.** Diversity patterns and zoogeography of the Northeast Atlantic and Mediterranean shallow-water sponge fauna. Submitted to Journal of Biogeography.

**XAVIER JR, BREEUWER JAJ, VAN SOEST RWM, MARTINS AMF, MENKEN SBJ.** Phylogeography of the poecilosclerid sponge *Phorbas fictitius*: genetic structure and putative refugia at oceanic islands. Submitted to Contributions to Zoology.

**XAVIER JR, VOETDIJK B, BREEUWER JAJ, VAN SOEST RWM, MENKEN SBJ.** Phylogeography of the haplosclerid sponge *Petrosia ficiformis* (Porifera, Petrosiidae) reveals a deep-water affinity of some shallow-water populations. Manuscript in preparation.
