## APPENDIX I: Survey Questionnaire

This is a translation of the Dutch questionnaire on social networks used in this study. It should be noted that in translating any questionnaire some nuances and terms specific to the Dutch language, culture or institutional setting might be lost. Such caution is particularly relevant for this questionnaire, in which an attempt was made to make the wording as plain and simple as possible to match the respondents' low educational background and the potential lack of Dutch language skills of first generation immigrant residents. For those interested in the Dutch questionnaire a copy can be provided by the author (e-mail: f.m.pinkster@uva.nl) on request.

## APPENDIX II: Topic list interviews

This is a translation of the topic list used to conduct the qualitative interviews with residents in the low income neighborhood of Transvaal. It should be noted that in translating this list some nuances and terms specific to the Dutch language, culture and institutional setting might be lost. For those interested the Dutch topic list can be provided by the author (e-mail: f.m.pinkster@uva.nl) on request.

**Introduction**

Before we start I just want to shortly tell you again what we will talk about today. I will try to get a picture of your life in Transvaal, how you like the neighborhood, about your contacts with neighbors and other people in the neighborhood, like friends or family, and about your daily activities. So I am interested in your experiences here in the neighborhood. Of course, anything we talk about is anonymous. If you have any questions during the interview or my questions are not clear, please let me know. Do you have any questions before we start? ...

First I would like to ask you if it is ok if I record our conversation. That way I don't have to write as much while we talk. This recording will only be used by me and will not be given to others. Is that ok? ...

To start, maybe you could shortly introduce yourself, tell me who you are, your age and for example how long you have lived in Transvaal...
