You will be contacted as soon as possible.

LIST OF TABLES

Chapter 3	Dependent Clauses	
Table 3.1	DC types and their internal formal properties	108
Chapter 4	Sampling, Research Questions, Method	
Table 4.1	The language sample	113-114
Table 4.2	DC types and their internal formal properties	116
Table 4.3	Functional connection between PoS and deranked DCs	117
Table 4.4	A 2x2 contingency table	124
Table 4.5a	Maslova test no. 1: Change DC parameter to PoS=DC	125
Table 4.5b	Maslova test no. 2: Change PoS parameter to PoS=DC	125
Table 4.6	A symmetrical dependency; original distribution	126
Table 4.7a	Distribution for PoS and PoS = DC (Maslova-test no. 1)	126
Table 4.7b	Distribution for DC and PoS = DC (Maslova-test no. 2)	126
Table 4.8	A one-sided asymmetrical dependency; original distribution	127
Table 4.9a	Distribution for PoS and PoS = DC (Maslova-test no. 1)	127
Table 4.9b	Distribution for DC and PoS = DC (Maslova-test no. 2)	127
Table 4.10	A two-sided asymmetrical dependency; original distribution	128
Table 4.11a	Distribution for PoS and PoS = DC (Maslova-test no. 1)	128
Table 4.11b	Distribution for DC and PoS = DC (Maslova-test no. 2)	128
Chapter 5	Parts of Speech in the Languages of the Sample	
Table 5.1	PoS classes in the sample languages	132-137

Table 5.2	Verbs, nouns and nominals in Japanese	156
Table 5.3	Verbs and Adjectives in Mandarin Chinese	158

Chapter 6 Dependent Clauses in the Languages of the Sample

Table 6.1	DCs in the sample languages and their possibilities concerning the expression of propositional functions	197-204
Table 6.2	Basic data on behavioural potential of all DC constructions	220-229
Table 6.3	DC types and their internal formal properties	230
Table 6.4	Three-way classification of DCs	236-242
Table 6.5	Behavioural potential of type 1 balanced DCs	242-246
Table 6.6	Behavioural potential of type 2 D-SENT DCs	246-249
Table 6.7	Behavioural potential of type 3 D-ALT DCs	250-251
Table 6.8	Functional possibilities of type 1 balanced DCs	252-255
Table 6.9	Functional possibilities of type 2 D-SENT DCs	255-257
Table 6.10	Functional possibilities of type 3 D-ALT DCs	257-258

Chapter 7 Results

Table 7.1	Frequencies for languages with/without flexible PoS and DCs	263
Table 7.2	Frequencies for language with/without rigid PoS only and rigid DCs only	264
Table 7.3	Frequencies for languages with/without flexible PoS and flexible DCs of type 1	266
Table 7.4	Frequencies for languages with/without flexible PoS and flexible DCs of type 2/3	266
Table 7.5a	Maslova test no. 1: change DC parameter to PoS=DC	266
Table 7.5b	Maslova test no. 2: Change PoS parameter to PoS=DC	267
Table 7.6	Frequencies for languages with/without flex PoS and flex DCs of type 2	268
Table 7.7	Frequencies for languages with/without flex PoS and flex DCs of type 3	268
Table 7.8a	Maslova test no. 1: change DC parameter to PoS=DC	269
Table 7.8b	Maslova test no. 2: Change PoS parameter to PoS=DC	269
Table 7.2'	Frequencies for language with/without rigid PoS only and rigid DCs only	270
Table 7.9	Frequencies for languages with/without lexical contentives/non-verbs and contentive clauses/multi-functional clauses	280
Table 7.10a	Maslova test no. 1: change DC parameter to PoS=DC	280
Table 7.10b	Maslova test no. 2: change PoS parameter to PoS=DC	281

Table 7.11	Frequencies for languages with/without contentives/non-verbs and contentive clauses/multi-functional clauses of type 1	282
Table 7.12	Frequencies for languages with/without lexical contentives/non-verbs and contentive clauses/multi-functional clauses of type 3	283
Table 7.13a	Maslova test no. 1: change DC parameter to PoS=DC	283
Table 7.13b	Maslova test no. 2: change PoS parameter to PoS=DC	283
Table 7.14	Frequencies for languages with/without nominals and nominal clauses	284
Table 7.15	Frequencies for languages with/without nominals and nominal clauses of type 1	285
Table 7.16	Frequencies for languages with/without nominals and nominal clauses of type 2/3	286
Table 7.17	Frequencies for languages with/without nominals and nominal clauses of type 2	286
Table 7.18	Frequencies for languages with/without nominals and nominal clauses of type 3	286
Table 7.19	Frequencies for languages with/without modifiers and modifier clauses	287
Table 7.20	Frequencies for languages with/without nouns and complement clauses	290
Table 7.21	Frequencies for language with/without nouns and complement clauses of type 1	290
Table 7.22	Frequencies for language with/without nouns and complement clauses of type 2/3	291
Table 7.23	Frequencies for language with/without nouns and complement clauses of type 2	291
Table 7.24	Frequencies for language with/without nouns and complement clauses of type 3	291
Table 7.25	Frequencies for languages with/without adjectives and relative clauses	292
Table 7.26	frequencies for languages with/without adjectives and relative clauses of type 1	293
Table 7.27	Frequencies for languages with/without adjectives and relative clauses of type 2/3	293
Table 7.28	Frequencies for languages with/without adjectives and relative clauses of type 2	294
Table 7.29	Frequencies for languages with/without adjectives and relative clauses of type 3	294
Table 7.30	Frequencies for languages with/without (derived) manner adverbs and adverbial manner clauses	295
Table 7.31	Frequencies for languages with/without (derived) manner adverbs and adverbial manner clauses of type 1	296

Table 7.32	Frequencies for languages with/without (derived) manner adverbs and adverbial manner clauses of type 2/3	297
Table 7.33	Availability and type of flexible DCs in languages with one or more flexible PoS classes	298-299
Table 7.34	Availability and type of flexible DCs in languages with rigid PoS classes only	299-300
Table 7.35	Availability and type of contentive/multi-functional clauses in languages with lexical contentives/non-verbs	300
Table 7.36	Availability and type of contentive/multi-functional clauses in languages without lexical contentives/non-verbs	301-302
Table 7.37	Availability and type of nominal clauses in languages with lexical nominals	302
Table 7.38	Availability and type of and nominal clauses in languages without lexical nominals	302-303
Table 7.39	Availability of modifier clauses in languages with (derived) lexical modifiers	303-304
Table 7.40	Languages without (derived) lexical modifiers, but with modifier clauses	304
Table 7.41	Availability and type of complement clauses in languages without nouns	304
Table 7.42	Availability and type of complement clauses in languages with nouns	304-305
Table 7.43	Availability and type of relative clauses in languages without adjectives, but with a flexible lexical strategy for the function of modifier in a referential phrase	306
Table 7.44	Availability and type of relative clauses in languages with an open class of simple adjectives	306-307
Table 7.45	Availability and type of relative clauses in languages without an open class of simple adjectives, but with derived adjectives (and a small class of simple adjectives)	307
Table 7.46	Availability and type of relative clauses in languages without an open class of simple/derived class adjectives, but with a small class of adjectives	308
Table 7.47	Availability and type of relative clauses in languages without a lexical strategy for the function of modifier in a referential phrase	308
Table 7.48	Availability and type of adverbial manner clauses in languages without an open class of simple/derived manner adverbs, but with a flexible lexical strategy for the function of modifier in a predicate phrase (and in some cases also a small class of rigid manner adverbs)	309

Table 7.49	Availability and type of adverbial manner clauses in languages with an open class of simple manner adverbs	310
Table 7.50	Availability and type of adverbial manner clauses in languages without an open class of simple manner adverbs, but with derived manner adverbs (and in some cases a small class of simple manner adverbs)	310
Table 7.51	Availability and type of relative clauses in languages without an open class of simple/derived class manner adverbs, but with a small class of manner adverbs	311
Table 7.52	Availability and type of adverbial manner clauses in languages without a lexical strategy for the function of modifier in a predicate phrase	311
Chapter 8	Discussion: Flexibility and Functional Transparency	
Table 8.1	Languages with a flexible PoS class, and the distribution of deranked DCs that appear in at least one of the same function(s)	323-324
Table 8.2	The principle of increasing complexity: Flexible PoS systems and deranked DCs	327
Table 8.3	Rigid PoS classes in languages with flexible PoS, and the distribution of deranked DCs that appear in the same function as these rigid PoS classes.	332-333
Table 8.4	Rigid PoS classes in languages with rigid PoS only, and the distribution of deranked DCs that appear in the same function	334-335
Table 8.5	Flexible balanced DCs in languages with flexible PoS systems	337
Table 8.6	Flexible balanced DCs in languages with rigid PoS systems	341
