Chapter 3

Table 3.1 DC types and their internal formal properties 108

Chapter 4

Table 4.1 The language sample 113-114
Table 4.2 DC types and their internal formal properties 116
Table 4.3 Functional connection between PoS and deranked DCs 117
Table 4.4 A 2x2 contingency table 124
Table 4.5a Maslova test no. 1: Change DC parameter to PoS=DC 125
Table 4.5b Maslova test no. 2: Change PoS parameter to PoS=DC 125
Table 4.6 A symmetrical dependency; original distribution 126
Table 4.7a Distribution for PoS and PoS = DC (Maslova-test no. 1) 126
Table 4.7b Distribution for DC and PoS = DC (Maslova-test no. 2) 126
Table 4.8 A one-sided asymmetrical dependency; original distribution 127
Table 4.9a Distribution for PoS and PoS = DC (Maslova-test no. 1) 127
Table 4.9b Distribution for DC and PoS = DC (Maslova-test no. 2) 127
Table 4.10 A two-sided asymmetrical dependency; original distribution 128
Table 4.11a Distribution for PoS and PoS = DC (Maslova-test no. 1) 128
Table 4.11b Distribution for DC and PoS = DC (Maslova-test no. 2) 128

Chapter 5

Table 5.1 PoS classes in the sample languages 132-137

XIII
Table 5.2  Verbs, nouns and nominals in Japanese  156
Table 5.3  Verbs and Adjectives in Mandarin Chinese  158

Chapter 6  Dependent Clauses in the Languages of the Sample
Table 6.1  DCs in the sample languages and their possibilities concerning the expression of propositional functions  197-204
Table 6.2  Basic data on behavioural potential of all DC constructions  220-229
Table 6.3  DC types and their internal formal properties  230
Table 6.4  Three-way classification of DCs  236-242
Table 6.5  Behavioural potential of type 1 balanced DCs  242-246
Table 6.6  Behavioural potential of type 2 D-SENT DCs  246-249
Table 6.7  Behavioural potential of type 3 D-ALT DCs  250-251
Table 6.8  Functional possibilities of type 1 balanced DCs  252-255
Table 6.9  Functional possibilities of type 2 D-SENT DCs  255-257
Table 6.10  Functional possibilities of type 3 D-ALT DCs  257-258

Chapter 7  Results
Table 7.1  Frequencies for languages with/without flexible PoS and DCs  263
Table 7.2  Frequencies for language with/without rigid PoS only and rigid DCs only  264
Table 7.3  Frequencies for languages with/without flexible PoS and flexible DCs of type 1  266
Table 7.4  Frequencies for languages with/without flexible PoS and flexible DCs of type 2/3  266
Table 7.5a  Maslova test no. 1: change DC parameter to PoS=DC  266
Table 7.5b  Maslova test no. 2: Change PoS parameter to PoS=DC  267
Table 7.6  Frequencies for languages with/without flex PoS and flex DCs of type 2  268
Table 7.7  Frequencies for languages with/without flex PoS and flex DCs of type 3  268
Table 7.8a  Maslova test no. 1: change DC parameter to PoS=DC  269
Table 7.8b  Maslova test no. 2: Change PoS parameter to PoS=DC  269
Table 7.9  Frequencies for languages with/without rigid PoS only and rigid DCs only  270
Table 7.10a  Maslova test no. 1: change DC parameter to PoS=DC  280
Table 7.10b  Maslova test no. 2: change PoS parameter to PoS=DC  281
Table 7.11  Frequencies for languages with/without contentives/non-verbs and contentive clauses/multi-functional clauses of type 1  
Table 7.12  Frequencies for languages with/without lexical contentives/non-verbs and contentive clauses/multi-functional clauses of type 3  
Table 7.13a Maslova test no. 1: change DC parameter to PoS=DC  
Table 7.13b Maslova test no. 2: change PoS parameter to PoS=DC  
Table 7.14  Frequencies for languages with/without nominals and nominal clauses  
Table 7.15  Frequencies for languages with/without nominals and nominal clauses of type 1  
Table 7.16  Frequencies for languages with/without nominals and nominal clauses of type 2/3  
Table 7.17  Frequencies for languages with/without nominals and nominal clauses of type 2  
Table 7.18  Frequencies for languages with/without nominals and nominal clauses of type 3  
Table 7.19  Frequencies for languages with/without modifiers and modifier clauses  
Table 7.20  Frequencies for languages with/without nouns and complement clauses  
Table 7.21  Frequencies for language with/without nouns and complement clauses of type 1  
Table 7.22  Frequencies for language with/without nouns and complement clauses of type 2/3  
Table 7.23  Frequencies for language with/without nouns and complement clauses of type 2  
Table 7.24  Frequencies for language with/without nouns and complement clauses of type 3  
Table 7.25  Frequencies for languages with/without adjectives and relative clauses  
Table 7.26  Frequencies for languages with/without adjectives and relative clauses of type 1  
Table 7.27  Frequencies for languages with/without adjectives and relative clauses of type 2/3  
Table 7.28  Frequencies for languages with/without adjectives and relative clauses of type 2  
Table 7.29  Frequencies for languages with/without adjectives and relative clauses of type 3  
Table 7.30  Frequencies for languages with/without (derived) manner adverbs and adverbial manner clauses  
Table 7.31  Frequencies for languages with/without (derived) manner adverbs and adverbial manner clauses of type 1
Table 7.32  Frequencies for languages with/without (derived) manner adverbs and adverbial manner clauses of type 2/3  297
Table 7.33  Availability and type of flexible DCs in languages with one or more flexible PoS classes  298-299
Table 7.34  Availability and type of flexible DCs in languages with rigid PoS classes only  299-300
Table 7.35  Availability and type of contentive/multi-functional clauses in languages with lexical contentives/non-verbs  300
Table 7.36  Availability and type of contentive/multi-functional clauses in languages without lexical contentives/non-verbs  301-302
Table 7.37  Availability and type of nominal clauses in languages with lexical nominals  302
Table 7.38  Availability and type of and nominal clauses in languages without lexical nominals  302-303
Table 7.39  Availability of modifier clauses in languages with (derived) lexical modifiers  303-304
Table 7.40  Languages without (derived) lexical modifiers, but with modifier clauses  304
Table 7.41  Availability and type of complement clauses in languages without nouns  304
Table 7.42  Availability and type of complement clauses in languages with nouns  304-305
Table 7.43  Availability and type of relative clauses in languages without adjectives, but with a flexible lexical strategy for the function of modifier in a referential phrase  306
Table 7.44  Availability and type of relative clauses in languages with an open class of simple adjectives  306-307
Table 7.45  Availability and type of relative clauses in languages without an open class of simple adjectives, but with derived adjectives (and a small class of simple adjectives)  307
Table 7.46  Availability and type of relative clauses in languages without an open class of simple/derived class adjectives, but with a small class of adjectives  308
Table 7.47  Availability and type of relative clauses in languages without a lexical strategy for the function of modifier in a referential phrase  308
Table 7.48  Availability and type of adverbial manner clauses in languages without an open class of simple/derived manner adverbs, but with a flexible lexical strategy for the function of modifier in a predicate phrase (and in some cases also a small class of rigid manner adverbs)  309
