It is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), other than for strictly personal, individual use, unless the work is under an open content license (like Creative Commons).

#### **Disclaimer/Complaints regulations**

If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <https://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, P.O. Box 19185, 1000 GD Amsterdam, The Netherlands. You will be contacted as soon as possible.

## Sponsors

The investigations were performed at the Centrum Wiskunde en Informatica (CWI).

The research took place within project AFM2.2 of the research program Basic Research in Informatics for Creating the Knowledge Society (BRICKS), subsidised by Besluit Subsidies Investerings Kennisinfrastuur (BSIK).

The work was supported by Pattern Analysis, Statistical Modelling and Computational Learning 2 (PASCAL2), a Network of Excellence funded by European Union grant IST-2007-216886.

The author's visits to the University of California, Santa Cruz (UCSC) were supported by NSF grant IIS-0917397.

The author's visit to the Statistical Laboratory at the University of Cambridge was supported by their Department of Pure Mathematics and Mathematical Sciences.
